

On-Line Anesthesia Review for Dental Anesthesia Assistants

Visit [AAOMS.org/OMSstaff](https://www.aaoms.org/OMSstaff) and register today!

► This course provides 4 continuing dental education credits. CDE/CME for doctors is not available because this course has been created for assistants. See complete continuing education credit statement below.

About the Course

The On-Line Anesthesia Review for Dental Anesthesia Assistants is a continuing education course that focuses on the principles of anesthesia administration. This online program provides a condensed version of the in-person Anesthesia Assistants Review Course (AARC) and offers participants the flexibility to study at their own pace and learn from the comfort of their offices and homes. Once enrolled, you will have 45 days total to successfully complete the course for up to 4 CDE hours of credit.

This course is designed for:

- Oral and maxillofacial surgical assistants.
- Dental anesthesia assistants employed by dental professionals with valid anesthesia permits.

Objectives

At the conclusion of this presentation, participants should be able to:

1. Describe the concepts of medical evaluation of patients for anesthesia.
2. Discuss the mechanical and pharmacological aspects of outpatient anesthesia.
3. Explain the methods of patient monitoring and management of medical emergencies.

Topics Covered

This concise review course includes the following topics:

- **Basic sciences:** Anatomy and physiology of the cardiovascular, pulmonary, circulatory, and central and peripheral nervous systems.
- **Patient evaluation and preparation:** Emphasis on patients with such medical problems as cardiac, pulmonary and metabolic diseases.
- **Anesthetic drugs and techniques:** Information on drugs used in administration of local, IV sedation and general anesthesia as well as other administration techniques.
- **Monitoring:** Definitions and descriptions of monitoring techniques and equipment with an emphasis on equipment maintenance and checks.
- **Emergency procedures:** Highlights of emergency situations and appropriate treatment plans.

Continuing Education Credit

The American Association of Oral and Maxillofacial Surgeons is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The American Association of Oral and Maxillofacial Surgeons designates this activity for 4 continuing education credits.

AGD - Accepted Program Provider
FAGD/MAGD Credit
5/1/18 – 6/30/22
Provider ID# 214680

Registration Information

Register online at [AAOMS.org/OMSstaff](https://www.aaoms.org/OMSstaff). You will need to create a username and password for this course. The On-Line Anesthesia Review for Dental Anesthesia Assistants course fee is \$325. You will have 45 days total to complete the online course. **Upon registration, you will have 45 days total to complete the course. Each course module presentation is followed by a short quiz. Once a participant passes a quiz, the module will lock, and the participant will move onto the next module. When all modules have been completed and all quizzes passed, the course will lock out and cannot be repeated.** Note: It is helpful to have a computer equipped with speakers because the online course has an audio component.

Cancellation Policy

Registration for the course is final and no refunds will be granted. AAOMS will allow one 20-day extension of a registrant's access to the AAOMS On-Line Anesthesia Review for Dental Assistants course upon written request up to 10 days prior to expiration of the registrant's access. Extensions requested within 10 days of expiration or thereafter will require a \$100 reactivation fee.

There is an audio component to this online course; a computer with speakers is helpful.

AAOMS does not provide handouts for this online course.
